

**WHO
WE ARE...**

Serving children across New Jersey and the New York metropolitan area, SINAI operates **inclusive special education schools** for children with a wide range of developmental, intellectual, and complex learning disabilities. Each of our schools is integrated within a mainstream Jewish day school or high school, where our students are considered full members of that school's culture and community — inclusion in its purest form.

SINAI Offers:

■ ELEMENTARY SCHOOLS

- **SINAI at Joseph Kushner Hebrew Academy**
- **SINAI at Rosenbaum Yeshiva of North Jersey, including the Riva Blatt Weinstein Judaic Studies Program**
- **COMING IN SEPTEMBER... SINAI at SAR Academy**

At our elementary schools, we serve children with complex learning disabilities, intellectual or developmental disabilities, and social challenges. Our small classes of 5-9 students are divided by the students' individual social and academic abilities, enabling us to serve many children with a wide range of challenges within appropriate peer groups.

■ HIGH SCHOOLS

- **SINAI Maor at Rae Kushner Yeshiva High School, including the William Solomon Judaic Studies Program**

Offering an academically rigorous, college-bound program to children with academic and/or social challenges.

- **SINAI's Rabbi Mark and Linda Karasick Shalem High Schools**

Offering a functional academic program for children with intellectual/developmental disabilities. At our Shalem High Schools, we integrate pragmatic academic curricula with community awareness, life skills, and vocational studies.

- **Shalem at Torah Academy of Bergen County:** boys ages 14-18
- **Shalem at Ma'ayanot Yeshiva High School:** girls ages 14-21
- **Shalem at Heichal HaTorah:** boys ages 18-21

■ ADULT PROGRAMS

- **Nathan Miller SHELI (Supervised Home Environment for Learning Independence) Residence for Men**

A supervised live-in residence for adult men with intellectual/developmental disabilities in Teaneck, NJ.

It is our goal to provide the perfect environment for every individual — academically, emotionally, and socially.
